| <p><b>Processing</b></p>  | <p>IF APPLICABLE ALL PROCESSING DONE PER THE LATEST REVISION OF BAC 5736 PSD 6-178 MUST INCLUDE ADHESION TESTING PER BSS 7084 SAMPLING PLAN. OEM &amp; eAudit.net shall be used to verify approvals. All parts painted with BMS10-11 Type I primer, Mil-PRF-23377 primer, and/or BMS10-11 Type II enamel in accordance with BAC 5736, Application of Chemical and Solvent Resistant Finishes, should be tested to the requirements defined within that BAC and BSS 7225, Tape Test Adhesion, as referenced. D1-4426, Section 6.17 requires written notification to Boeing Special Process Representative when changes occur that might affect our ability to process hardware within 3 days; 10 days when final notification required for product or process that may have been affected and when affected product has been delivered to Boeing</p>  |
| <p><b>Seller</b></p>  | <p>Seller shall, in its performance of the PO, comply with all applicable federal, state, and local statutes, rules of law, ordinances, regulations, and regulatory orders, including but not limited to,</p> <ul style="list-style-type: none"> <li>● the Fair Labor Standards Act of 1938, as amended,</li> <li>● Walsh-Healy Act,</li> <li>● Robinson-Patman Act,</li> <li>● applicable state Workers' Compensation laws,</li> <li>● state and federal Occupational Safety and Health Acts, and</li> <li>● all rules and regulations passed pursuant thereto, which are incorporated herein by this reference.</li> </ul> <p>Seller agrees to be subject to all applicable contract clauses required by federal, state, or local law, rule or regulation to be included in the PO, including but not limited to, the following clauses, which are incorporated herein by the reference:</p> <ul style="list-style-type: none"> <li>● Equal opportunity Clause (41 CFR 60.1.4)</li> <li>● Affirmative Action Clause for Disabled Veterans and Veterans of the Vietnam Era (41 CFR 60-250.4)</li> <li>● Affirmative Action Clause for Handicapped Workers (41 CFR60-741.4)</li> <li>● Defense Priorities and Allocations System Regulation (15CFR 700)</li> <li>● Certification of Non-segregated Facilities Clause (41 CFR 60.1.8; 41 CFR 1-12.803.10)</li> <li>● Buy American Act where required.</li> </ul> <p>Seller agrees and certifies, if applicable,</p> <ul style="list-style-type: none"> <li>● that it has developed a written affirmative action compliance program (41 CFR 60-1.40(a))</li> <li>● and files Standard Form 100 (EEO-1) 41 CFR 60-1.7 (A) annually</li> </ul> |
| <p><b>Certificate of Conformance And Statement of Quality</b></p> | <p>Manufactured items must be accompanied by an AS9102 based first article inspection record showing actual values versus data requirements and drawing location with the initial shipment. A Statement of Quality (Certificate of Conformance) stating that the product complies with the applicable drawings and latest revision of the specifications of the order may be utilized for shipments subsequent to the First Article Lot unless required by the Purchase Order. The Statement of Quality must contain the following elements with each shipment:</p> <ol style="list-style-type: none"> <li>a) P.O. Number</li> <li>b) Part Number</li> <li>c) Authorized signature (see #6 above)</li> <li>d) Identification of material by item or lot number, serial number or production date.</li> <li>e) Drawing &amp; specification numbers &amp; revisions (copies are available upon request)</li> <li>f) Size of sample lot inspected</li> <li>g) Date of inspection</li> <li>h) Statement that inspection records are on file &amp; available for review.</li> <li>i) Capps furnished materials must be identified and segregated to avoid unintended use.</li> <li>j) Addressed to Capps Manufacturing, Inc. with Suppliers address in header</li> <li>k) Where applicable your OEM Supplier Code</li> </ol>  |

## CAPPS MANUFACTURING PROCUREMENT QUALITY REQUIREMENTS

|                                    |   |
|------------------------------------|---|
| <b>CERTIFICATIONS<br/>REQUIRED</b> | <p>Capps Manufacturing may require a subcontractor to meet the intent of ISO9000, D1-9000Rev.A, CQRS, PD1000, QC-00, ITARS Nadcap or other applicable quality requirements. As a minimum the subcontractor shall maintain adequate records of all inspections and tests (raw material, inspection, processing etc.) on file for a minimum of eleven (11) years, as specified by the purchase order or per specific customer requirements. Effective June 30, 2014 all distributors shall be AS9120 compliant. Suppliers must follow all drawing, P.O. &amp; specification requirements and those quality requirements listed on customer portal such as Airbus's QPL/QSPL, Lockheed's Live Link, Bombardier's EMCM-001, Boeing's D6-1256 etc.</p> <p>Under the direction of Nadcap checklist 7108, all solution and process control testing sources must be approved in accordance with one of the following:</p> <ol style="list-style-type: none"> <li>a.) Any Prime customer laboratory approval (scope does not need to match)</li> <li>b.) MTL accreditation or any MTL recognized approval (scope does not need to match)</li> <li>c.) AC7108/4 accreditation (scope does need to match)</li> <li>d.) Manufacturers that provide solution analysis and process control testing for their proprietary solutions may be exempt from this requirement provided the following criteria are met: they are the original mfg (not distributor); testing is provided as a service with the supply of the solution; they have an in house laboratory and evidence that a quality management system accreditation is held (AS/EN/JIS Q 9100, ISO9001)</li> </ol> <p>All measuring and test equipment used to verify product conformance must be calibrated and traceable to the National Institute of Standards and Technology (NIST).</p> <p>Material Test Reports are required for raw material delineating the chemical and physical analysis results for each lot or batch number. Mills must be on customer approved supplier lists.</p> <p>Occasionally test specimens will be required for validation of heat treat etc. These specimens shall be identified with the thickness, material type &amp; condition, the part number, work order number or purchase order number pertinent to them, and the heat lot number.</p> <p>Digital data utilized for product definition shall be controlled in accordance with D6-51991 or pertinent customer specification and Capps Work Instruction W.I. 1.5C</p> <ul style="list-style-type: none"> <li>● Revision levels &amp; traceability to dataset must be maintained</li> <li>● Points shall be coordinated to listed data</li> </ul> <p>Subject to FAR 52.245 Govt. Property, ITAR &amp; DPAS Regulations</p> <ul style="list-style-type: none"> <li>● Parts produced to Hawker Beechcraft drawings with PN 133-xxxxxx</li> </ul> <p>Subject to QC-00, BS25691 Rev. 20 &amp; 130450</p> <ul style="list-style-type: none"> <li>● Parts produced to McDonnell blueprints with PN 74Axxxxxx</li> <li>● All parts produced to Hawker Beechcraft drawings</li> </ul> <p>Subject to Appendix QJ and QX and Q2A. Subject to QC-00, BS25691 Rev. 20 &amp; 130450</p> <ul style="list-style-type: none"> <li>● All parts produced to Lockheed Martin drawings or specifications</li> <li>● Most parts produced for CPI Aerostructures</li> </ul> <p>Orders with part numbers as previously stated are rated orders certified for national defense use and the provisions of the Defense Priorities And Allocations System Regulation (15CFR 700) are mandatory. DX rated orders carry the highest priority followed by DO rated orders and then non-rated orders. The required delivery is the focus of the system. The orders being the same except for the rating shall be prioritized as previously stated with all other characteristics of the compared orders being the same.</p> <p>Whenever and/or wherever F.O.D. entrapment or F.O.D. migration can occur it's prevention must be the requirements of Capps' customers such as Lockheed's Quality Clause Q4R (available upon request) National Aerospace Standard, NAS 412, as the core requirement in the revised version of Q4R. The PO and attached documents may contain technical data whose export is restricted by the Arms Export Control Act (Title 22, U.S.C., SEQ 2751 ET SEQ) or the Export Administration Act (Title 50, U.S.C., APP 2401-2420).</p> |
