

An aerial photograph of a large industrial facility with several large, white, rectangular buildings and parking lots. The image is tinted with a greenish-blue color.

# ***Aircraft and Commercial Sheet Metal Parts and Assemblies***

- **Capps** works closely with your Engineering team and specializes in stretch form and fabrication of detail parts and assemblies.
- **Capps** is skilled in working with extruded and sheet metal details produced from **Aluminum, Titanium, Inconel, Corrosion resistant steels,** and other alloys.
- **Capps** is nationally known for innovative methods of solving the toughest manufacturing challenges.
- From high volume contracts to unique aerospace designs, the "old pros" at **Capps** say "*no job is too tough*".

***Incorporated August 22, 1984*** D-U-N-S: 14-747-1494

### Quality Policy

***Capps Manufacturing, Inc.*** is dedicated to be the preferred supplier of aircraft detail parts, components, and assemblies by providing our customers the best value in:

- Meeting the customers expectations.
- Being fair and ethical.
- Being resourceful, disciplined and flexible.
- Providing 100% on-time delivery.
- Providing 100% quality and reliability.
- Continuously reducing cost and lead-times.
- Being profitable.

Barney L. Capps, President and majority owner of Capps Manufacturing, Inc., started in the aircraft business in 1952. In 1962, he became Plant Manager of **H & H Parts Co.** and was heavily involved in the **Learjet** Model 23 program developing all tooling, production parts and assemblies for the engine nacelles, including static test, access doors, various small assemblies and detail parts. This relationship with Learjet continued through development of the 35, 36, and 55 models and continues today with the 45 and 60 model programs. In 1983, Barney left H & H Parts Co. to start Capps Machine, Inc. now Capps Manufacturing, Inc.

---

Ronald L. Capps, Vice President and minority owner of Capps Manufacturing, Inc. Ron's Education includes; Bachelor of Science Business Administration and a Masters in Management Information Systems, both from Friends University in Wichita, KS. In addition, Ron is Certified Production & Inventory Management (CPIM) accredited from the American Production & Inventory Society (APICS). Ron worked for the **Boeing Commercial Airplane Co.** for 19 years. At Boeing, Ron gained experience in Industrial Engineering, Operations Systems, and his last five years working with cycle time reduction and Lean Manufacturing concepts for major assembly of the forward nose fuselage on the Boeing 747, 767, and 777 programs. Ron joined Capps Manufacturing full-time in July of 1999.

## Meet Our Management Team

Barney L. Capps  
President

Ron L. Capps  
Vice President

Don G. Smith  
Senior Manager Marketing/M.E.

Cody Lassley

Richard Laake, Facilities /  
Maintenance Manager

## **Capabilities**

- SKIN & LEADING EDGE STRETCH FORMING
- EXTRUSION STRETCH FORMING
- FLUID CELL FORMING
- HYDRO FORMING & DRAW FORMING
- 3 & 5 AXIS CNC MACHINING
- THERMAL PROCESSING (Anneal, Age Harden & Heat Treat)
- CHEMICAL PROCESSING (ChemFilm, Anodize, Pent., Prime)
- COMPONENT ASSEMBLY
- PUNCH PRESS
- ROLLFORMING
- TIG WELDING

## **In-House Tooling**

- STRETCH FORM DIES
- HYDRO BLOCKS
- 5 AXIS CNC ROUTE FIXTURES
- DRAW FORM TOOLING
- FORM BLOCKS
- ASSEMBLY FIXTURES
- JOGGLE DIES
- ROUTER BLOCKS
- BLANKING TOOLS
- WELD FIXTURES

---

## **CAD/CAM**

- CATIA V.5 Design and Programming
- Vericut
- Portable Romer CMM with 48"radial ability
- API Laser Tracker
- Verisurf verification software
- Translators including CATIA
- Kubotek Validation & Comparison software

## **Customer Base**

Just a sample of our many customers

AIDC (Aerospace Industrial Development Corporation)
Bombardier – Learjet, Inc.
Spirit AeroSystems, Inc.
Kratos ASC Signal Corporation
Boeing Defense & Space
Cobham Mission Systems
GKN Aerospace
Weatherford Aerospace, Inc.
TEXTRON AVIATION (Beechcraft/Cessna/Hawker)
MHI Canada
NORDAM (Northeast Oklahoma Repair Development and Manufacturing)
Arnprior Aerospace
CPI Aerostructures, Inc.
Lockheed Martin Aircraft
Middle River Aircraft Systems
Fokker Aerostructures B.V.

## Capps Manufacturing Campus – 300K Sq. Ft.

An aerial photograph of the Capps Manufacturing Campus, showing five large industrial buildings and several parking lots filled with cars. The buildings are arranged in a cluster, with Building 1 being the largest and most central. Building 4 is in the top left, Building 3 is in the top right, Building 2 is in the bottom left, and Building 5 is in the bottom right. The campus is surrounded by green grass and some trees.

**Building 4** - 79,750 Sq. Ft. manufacturing facility located at 2222 S. Custer. - Leased

**Building 3** - 79,750 Sq. Ft. Assembly, Shipping and Process Line facility located at 2120 S. Custer.

**Building 1** - 112,000 Sq. Ft. manufacturing facility located at 2121 S. Edwards.

**Building 2** - 50,000 Sq. Ft. located at 2132 S. Edwards for Raw Matl and Ext Fuel Tank Fab & Assembly.

**Building 5** - 27,000 Sq. Ft. Tool Fab & Tool Storage facility

## Key Equipment List

<u>Machine</u>	<u>Model</u>	<u>Description</u>	<u>Size</u>
Cyril Bath	VTL 800	Skin & Leading Edge Stretch	800 ton 15'x30' sheet CNC
Cyril Bath	V-75	Stretch Press - Extrusion	32' Grip- 75 ton CNC
Cyril Bath	V-30	Stretch Press - Extrusion	24' Grip- 30 ton CNC
Hufford	A-15	Stretch Press - Extrusion	45' Grip- 225 ton

### Cyril Bath VTL 800 Ton Skin Stretch

- 800 tons of Forming Pressure.
- Complete CNC controls of all functions.
- Capable of Leading Edge and Drape forming up to 15' long and "End Pulled" skins up to 30' long.
- 400 tons of down acting bulldozer pressure for reverse contour work.
- Curving auxiliary grippers (24" radius min.).

**CERTIFICATE  
OF REGISTRATION**

This is to certify that the management system of:

**Capps Manufacturing Inc.**

Main Site: 2121 South Edwards, Wichita, Kansas, 67213, United States

Has been audited and registered by Intertek as meeting the requirements of the standards:

**AS9100:D and ISO 9001:2015**

The management system is applicable to:

Fabrication of Sheetmetal Parts for the Aircraft Industry.

Certificate Number  
0159975-00

## **Our Vision and Strategy for the Future**

***To do what ever it takes to gain and maintain the respect and admiration of our Customers, Employees, and the Community.***

***By...***

Recruiting, retaining, and motivating the most highly skilled employees available.

***Which will help us...***

Increase capacity with current levels of capabilities by becoming more efficient and implementing lean manufacturing concepts.

***Which will allow us to make profit and reinvest...***

Striving to become self contained by bringing outsourced manufacturing processes internally as cost/benefits become feasible.

***And...***

Become “one-stop-shopping” for our Customers by offering services from special tooling to detail parts fabrication to assemblies.

***Which will make us the preferred...***

Partner for our Customers and for them to share in our evolving from a job shop to become a full design/build aerospace manufacturing facility.

***Visit us @ [www.cappsmfg.com](http://www.cappsmfg.com)***
